Updates on Viwentiaa 2026

Dear Professor,

I wanted to give you a quick update on the preparations for Viwentiaa 2026.

So far, we have completed the initial planning and coordination among the organizing committee. We have also finalized the event schedule, coordinated with the respective teams.

The remaining tasks include finalizing the venue arrangements, completing the technical setup, confirming participant registrations, and coordinating the final requirements with the respective teams. We are currently working on these tasks and expect to complete them before the event.

Please let me know if there are an additional tasks or specific areas that you would like us to prioritize.

Sincerely,

Shashank [2620030229]
Organizing Committee
Viwentiaa 2026
